

Case Scenario #1

On March 30, 2021, the PNP WCPC-Mindanao conducted an entrapment and rescue operation in San Jose, Dinagat Islands. There, they arrested Agnes for exploiting her ten-year old daughter Jane online for a fee. After going through the chatlogs, you saw that Agnes repeatedly offered Jane to perform live sex shows to the police decoy. The offer took place on March 1, March 5, and March 30 (the day of the operation). Agnes also sent several photos of Jane exposing her genitals. Jane was rescued.

Jane is ten years old. On the way to the processing area, you noticed that she responded back with agitation when someone talks to her. She demonstrated mistrust towards other people. She would also scold and curse the people around her for rescuing her. She would tell that she should be back home. The social worker provided her with hygiene kit and comfortable clothes and told her she can rest where she finds comfortable to rest since there were sets of bed in the processing area and a private room for interview and processing. During your conversation with the social worker, she relayed to you that during a private conversation with Jane, she cried and shared she was afraid. The talk continued until she became emotionally stable. Social worker comforted her and assured that she is not being arrested since she mentioned "*hindi alam nila mama na nahuli po kami*".

The social worker notified you that Jane wasn't ready to be interviewed yet so you agreed to wait until she is ready. After few hours, Jane consented to be interviewed. You will now interview her using a VIDI Kit with the goal of securing a disclosure that can be used for the inquest case files.

Case Scenario #2

Last March 31, 2021, a rescue and entrapment operation was conducted by PNP WCPC-Mindanao in Ban-as, Lianga, Surigao del Sur. The barangay is considered one of the hotspots areas in CARAGA Region which is prone to crime rates relative to child online abuse, drugs and domestic violence are significantly high. During the entrapment operation, Anna Dela Cruz, 28 years old, was arrested for offering her 11-year old son Jayjay for online sexual exploitation. The evidence seized during the operation revealed that Anna instructed Jayjay to perform sexual activities online while customers abroad watches. The customers paid a fee to be able to watch the show online and that this happened several times. The chatlogs show that Anna offered to do the show for a fee for the police decoy last January 10 and March 31, when the operation took place. Jayjay was rescued.

You are now at the processing center, waiting to interview Jayjay using the VIDI Kit. Your goal is to secure a disclosure that can be used in the inquest files against Anna. There, you learned from the social worker that Jayjay refused to talk with anyone and just cried at one corner upon arrival. He was very worried about his family who he thought would be looking after her because they didn't know he was rescued. After some time and crisis intervention, he said he is ready to be interviewed.

Case Scenario #3

On March 30, 2021 WCPC-Mindanao implemented a search warrant at the house of suspect "JOHN DOE", a US National, living in Bayugan City, on the basis that he has been producing and selling child pornography of Filipino children. The suspect had been approaching young, teenage females through Facebook messenger and sometimes arranged meeting with them. Evidence collected from the search warrant show that the girls posed for nude pictures and there were videos of them dancing around naked that look like they were recorded in the house of the suspect.

Upon examination of his devices, it was shown in a Facebook Messenger chat that one of his victims was a 13 year old female from Cabadbaran City named Mary Jane. A follow-up rescue for this victim was done on March 31, 2021.

On the way to the Survivor Center, you noticed that Mary Jane was cooperative and engaging. She appeared forthcoming and calm. Upon arrival, the social worker informed you that Mary Jane is ready to be interviewed and seemed eager to make some disclosures. Your goal is to secure these disclosures through a VIDI.

Case Scenario #4

A rescue operation was conducted by WCPC-Mindanao last March 30, 2021 in Brgy. CDE in Tandag City. The operation was conducted after the chatlogs with the police decoy revealed the suspect, Anna Dela Rosa, offering her niece Mary Jane to perform a live sex show online for a fee. The suspect Anna was arrested in their house. Three minor children were rescued -- Anna's children Jose (male, 7yo) and Agnes (female, 12 yo), and Mary Jane.

Mary Jane is 11 years old. At the Survivor Center, the social worker told you that she was crying and uneasy when she arrived. They let her rest and now, she is ready to be interviewed. She appeared to be forthcoming and cooperative. Your goal is to secure a disclosure that can be used in the inquest case files.

Case Scenario #5

Last March 30, 2021, a rescue operation was conducted in Green Resort in Bislig City by PNP WCPC-Mindanao. During the operation, children were found swimming the pool while some of them were in one of the rooms, waiting for instructions for the live sex shows that were offered by the suspect online. Pablo Jose, 40 years old, was arrested. The chatlogs with the police decoy revealed that he was offering the live show for a fee. Five minors were rescued – Agnes (female, 8yo), Mary Jane (female, 11 yo), Bea (female, 12 yo), Andy (male, 8 yo), and Manuel (male, 11 yo). Manuel is Pablo Jose's son while the other children are their neighbors. They are not related to them and to each other.

You will interview Manuel. During the pull-out from the resort, Manuel was hostile and was fighting back. In transit to the processing center, he was very emotional and was even verbally expressing that he wanted to end his life. After several hours, Manuel expressed that he was ready to be interviewed. During the interview, while he was calm and cooperative, he was also protective towards his father. Your objective is to secure disclosures through a VIDI for the inquest case files.

Case Scenario #6

On March 30, 2021, WCPC-Mindanao implemented a search warrant at the house of suspect Juan Dela Cruz living in Surigao City. The basis of the warrant was the result of investigation showing that he has been producing child pornography of Philippine children. The suspect made children pose for nude pictures and then sold these pictures on the internet. Juan Dela Cruz was arrested.

The evidence collected showed that one of his victims was his niece, 11 year old Angela. A follow-up rescue for this victim was done on March 31, 2021 in her house in Surigao City.

When you arrived at the processing center to interview Angela, you noticed that she was crying and hysterical. The social worker informed you that she has been that way since she was rescued. She also refused to eat. After waiting for a few hours, Angela informed you that she is ready to be interviewed.

You will now interview Angela using a VIDI Kit. Your objective is to secure the necessary disclosures for the inquest packet.

Case Scenario #7

On March 30, 2021, the PNP WCPC-Mindanao conducted an entrapment and rescue operation in Brgy. ZZZ in Butuan City. There, they arrested Agnes for exploiting her ten-year old daughter Marie online for a fee. After going through the chatlogs, you saw that Agnes repeatedly offered Marie to perform live sex shows to the police decoy. The offer took place on March 1, March 5, and March 30 (the day of the operation). Agnes also sent several photos of Marie exposing her genitals.

Marie is nine years old. On the way to the processing area, she was crying and shaking in fear. She was asking for her mother and relatives. She was begging to be taken home. Upon arrival, the social worker let her rest and tried to calm her down. Marie was still insisting to be taken to her mother. She was able to sleep and after few hours, Marie finally consented to be interviewed. You will now interview her using a VIDI Kit with the goal of securing a disclosure that can be used for the inquest case files against Agnes.

Case Scenario #8

Last March 30, 2021, a join rescue operation of the PNP WCPC-Mindanao and NBI AHTRAD in coordination with MSWD was conducted in Nasipit, Agusan del Norte. The accused identified for arrest is Juan Dela Cruz, the paternal uncle of the 2 minors (Jane, female, 9yo and Ariana, female, 11yo) and the brother (Andy, male, 13yo) of one of the victim survivors rescued. In the chatlogs with the police decoy, Juan Dela Cruz was found to be offering the three children for live sex shows on the internet for a fee.

After the operation, the 3 children calmly went with the social worker but their faces were filled with uncertainty. You will interview Ariana. At the Survivor Center, she was calm and quiet. She was responsive to the questions of the social workers. The interview was supposed to be done in the evening, but the social workers suggested to proceed with the affidavit taking early in the morning to allow Ariana to rest. The next morning, Ariana is ready to be interviewed. She appears cheerful and cooperative. You will use a VIDI Kit to interview her with the goal of securing the disclosures for the inquest case files.

Case Scenario #9

On March 30, 2021, a rescue and entrapment operation was conducted by PNP WCPC-Mindanao in coordination with MSWD in Prosperidad, Agusan del Sur. During the entrapment operation, Melissa was arrested for offering her 10-year old daughter Mary Jane for online sexual exploitation. The evidence seized during the operation revealed that Melissa instructed Mary Jane to perform sexual activities online while customers abroad watches. The customers paid a fee to be able to watch the show online and that this happened several times. The chatlogs show that Melissa offered to do the showed for a fee for the police decoy last January 11, February 15, and March 31, when the operation took place.
